

We want your ideas to improve our Sustainability Policy

Attend one of the upcoming campus workshops to feed into our Sustainability Policy Consultation.

Review the following questions included to help consultees consider changes and improvements.

Email sustainability@gre.ac.uk and check facebook <https://www.facebook.com/UoGSustainability/> and the portal in the Autumn term for information

Examining the current sustainability policy:

1. What would you change about the policy in general terms?
2. Is the current policy appropriate to the institution and its relationships to deliver sustainability?
3. What would you change specifically?

What should the future policy look like?

4. What environmental & social priorities should we include?

5. What should our ambition/vision be?

6. What should a sustainable Greenwich look like or be?

7. What could you do to help create a more sustainable Greenwich?

8. What more should we do to apply the UN's? Sustainable Development Goals

The [sustainable development goals](#) (SDGs) are a universal set of goals, targets and indicators that UN member states and organisations will be expected to use to frame their agendas and policies over the next 15 years.

These to relate to many areas of university work including their teaching, research and operations.

The goals are broad, covering key social and environmental, economic areas and those relating to partnerships and core institutional needs.

Many goals often are supported by consideration and action in other goals so are interconnected. Universities are well placed to meet the aims of the goals and use these to engage their stakeholders.

They often provide the opportunity for people to connect their work to sustainability where previously their reference points for sustainability as a concept have been too narrow for effective use.

Integrating sustainability with our values

9. Consider how you would use sustainability to deliver Greenwich's corporate values:

- We strive for excellence
- We have the determination to succeed
- We are relentlessly ambitious
- We use our creativity
